

JACK NUT Steel Threaded Insert

The JACK NUT threaded insert is a blind fastener designed for use in thin, soft, or brittle materials. When tightened, the body collapses to form legs which grip the inside of the mounting surface, leaving a permanent, reusable threaded insert.

Features:

- Blind hole installation
- Won't distort soft plastics or thin metals.
- Fast and easy to use.
- Suitable for a wide grip range.
- Can be set with manual or pneumatic tools.
